

MAINLAND RAMPAGES

There are 35 Rampage icons scattered throughout Vice City—including five new ones that are exclusive to the PS2 version of the game (see A-E on our Rampage maps). Two of the five new Rampages can be found on the mainland. Step into a skull icon and a specific challenge begins. During a Rampage, you are given a particular weapon with unlimited ammo and an order to execute a certain number of gangsters within a time limit. If you fail the challenge, any Wanted Level incurred during the Rampage remains until you get rid of it with bribes or the Pay 'n' Spray. Pass the Rampage and you'll automatically lose the Wanted Level and earn money.

In previous games, the Rampage icon would relocate if you failed it and fade away if you passed it. Not this time... now if you pass a Rampage, the icon remains in the same place and allows you to have another go at it, just for fun. The icon turns a darker shade to indicate that you've already passed that challenge. The money won from Rampages increases as you complete more and more of them.

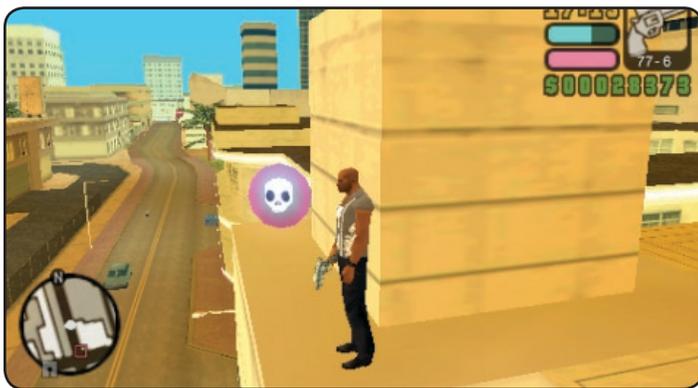

In addition to the five new Rampages in the PlayStation 2 version of Vice City Stories, one has also moved and many of the Rampages have changed slightly from the PSP version.

RAMPAGE 1: TRASH 10 VEHICLES IN TWO MINUTES.

Location: Downtown, Police Station rooftop northwest ledge.

Weapon: Molotovs

Climb the roof access stairs of the Downtown police station. Pass by the Rampage under the helipad ramp and continue up the next set of stairs. Head to the western edge of the rooftop, facing the fire station. Walk north along the edge of the roof and you'll find the Rampage on a narrow ledge behind a column. Sneaky!

Stay on the ledge and start tossing Molotovs down to the street below. Blasting police cars brings more law enforcement vehicles, and every vehicle counts. Hit all of the emergency vehicles that arrive.

RAMPAGE 2: TERMINATE 25 BIKERS IN TWO MINUTES.

Location: Downtown, inside rooftop shack.

Weapon: AK47

Find the Rampage inside the rooftop shack that was a purchasable property in *Grand Theft Auto: Vice City*. Climb the stairs on the east side of the building to reach the rooftop. Once you've activated the challenge, run back down the stairs and begin plugging bikers that appear in mobs on the sidewalks around this area.

RAMPAGE 3: INCINERATE 10 VEHICLES IN TWO MINUTES.

Location: Little Haiti alley.

Weapon: Molotovs

The Rampage icon is in a very narrow and recessed alley between two nondescript storefronts in Little Haiti. You can get to it from the street or through the large alley behind the stores. If you played Lance's mission, "Jive Drive," you'll remember this large back alley as the place Lance stopped driving and you had to fend off Cholos and protect him.

Once the challenge has begun, take your Molotovs to the street and just start throwing. Throw at passing cars and people to bring ambulances and fire trucks, then burn those, too. Toast everything you can to attract more vehicles.

One exploding vehicle takes out another, and this counts toward your incineration total. Vehicles burn very easily in this game; the Molotovs are strong and it takes only one to destroy a vehicle. Stay away from the fires.

RAMPAGE 4: TAKE OUT 20 BIKERS IN TWO MINUTES.

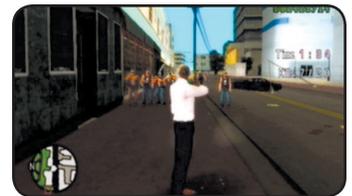

Location: Downtown by dirt track.

Weapon: Mac

This Rampage icon is hidden behind a building, just south of the dirt bike track. Grab the Rampage icon and run around the building to the street to find the bikers.

Target the bikers along the sidewalks and start shooting. Quickly scroll through available targets with the left and right buttons. Just keep shooting and keep scrolling through targets. Walk a bit if no more bikers appear, then quickly turn and shoot; they often appear behind you before showing up ahead of you. Avoid getting mobbed—they will beat you down quickly.

RAMPAGE 5: KILL 25 CHOLOS IN TWO MINUTES.

Location: Little Havana rooftop.

Weapon: Sniper Rifle

There's a small alley in the group of four small buildings, indicated on the map around this Rampage. Use the series of stairs and rooftops to reach it, or drop down in a helicopter. Once you've begun the challenge, walk up to the northern edge of the rooftop, then jump at an angle onto the small knee-high wall around its edge. Perch here and aim down to shoot Cholos on the sidewalk below.

You can also use the alley below. Just stand at the entrance of the alley to keep Cholos from appearing behind you. This is a regular sniper rifle, so the shooting and reloading is slower.

RAMPAGE 6: EXECUTE 20 CHOLOS IN TWO MINUTES.

Location: Little Havana, between Sunshine Autos and its north chain link fence.

Weapon: Pistol

This Rampage is found in the narrow space between Sunshine Autos and its chain link fence to the north. Grab the Rampage icon, then run into the car lot and begin blasting Cholos on the nearby sidewalks. Keep your back to Sunshine Autos and scan the north-south sidewalks to keep Cholos from sneaking up on you.

RAMPAGE 8: CRUSH 15 BIKERS IN TWO MINUTES.

Location: Downtown hotel construction site.

Weapon: Vehicle

The Rampage icon is hidden inside one of the large pipes in the pile that creates a USJ. Grab the Rampage and sprint for the nearby Bulldozer. Drive out to Bayshore Avenue and start running over bikers. It may not be long until their bullets take a toll on the bulldozer. When fire appears, jump out and grab another nearby vehicle, then continue the Rampage. If you run out of bikers, pause the game and find the nearest biker-run business and get there fast.

RAMPAGE 7: EXTERMINATE 25 BIKERS IN TWO MINUTES.

Location: Downtown, police station rooftop.

Weapon: Assault Rifle

Find this Rampage under the helipad ramp on the police station rooftop. You have two minutes to pop 25 bikers with an assault rifle. Take the stairs down to the alley and exit out to the street to find the bikers.

RAMPAGE 9: GUNDOWN 25 CHOLOS IN TWO MINUTES.

Location: Little Havana, high porch of corner residential house.

Weapon: Scorpion

This Rampage is on the high porch of a house on the southwest corner of the Little Havana residential area. Start your assault from this porch, using its high walls as cover. Once this location no longer spawns Cholos, sprint down the street until you find more. Always watch your back when you leave a Rampage area; more enemy targets often appear behind you in areas you just left.

Use R2 and L2 to toggle between the bikers to quickly take them down. Keep looking to each side to find more bikers. Do not shoot the paramedics that appear, though; they bring the dead bikers back to life, which allows you to shoot them again for more kills.

RAMPAGE 10: ERASE 25 CHOLOS IN TWO MINUTES.

Location: Little Haiti, rooftop near the dump.

Weapon: Micro SMG

This Rampage is on the east side of the rooftop near the red metal bridge with the Armor on it. This is reached by heading down the road to the dump. Find the stairs (ramp) on the west side of the building. This challenge can be completed from the northern edge of the rooftop. Target-shoot and scroll through targets. Step to the edge to get the Cholos on the sidewalk directly below you. Keep looking around to make more Cholos appear. Or, walk up and down the length of the northern edge of the rooftop to find more Cholos further west, toward the dump. You are relatively safe from their attacks while on the rooftop.

RAMPAGE 12: DRIVE-BY AND EXECUTE 25 BIKERS IN TWO MINUTES.

Location: Downtown, tall stairs near Ammu-Nation.

Weapon: Micro SMG/Vehicle

Find this Rampage at the top of the large set of steps east of Ammu-Nation. (These steps were used for a USJ in *Grand Theft Auto: Vice City*.) Once you've started, run down the stairs and enter the nearest vehicle. This is a drive-by challenge. Shoot 25 bikers drive-by style before time runs out. If your car billows black smoke, jump out and jack another one quickly.

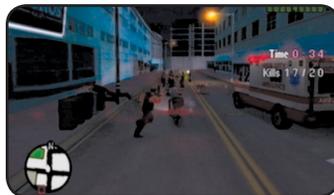

RAMPAGE 11: DRIVE-BY AND ELIMINATE 20 BIKERS IN TWO MINUTES.

Location: Downtown, under stairs in small corner courtyard.

Weapon: Vehicle

This Rampage is under the stairs that lead to a platform with a submachine gun power-up. Take the Rampage and dash to the street. Grab the first vehicle you can find and begin shooting the bikers on each side of the street. Keep moving or the bikers will pull you out of your car.

RAMPAGE 13: HACK AND SLASH 25 CHOLOS IN TWO MINUTES.

Location: Little Havana, police station rooftop.

Weapon: Katana

Use the stairs on the west side of the police station to reach the rooftop. Find the Rampage on the south end of the rooftop in the middle of the air conditioning units. Sprint back down the stairs and take to the streets. Run to the front of the police station and hack the groups of Cholos to pieces.

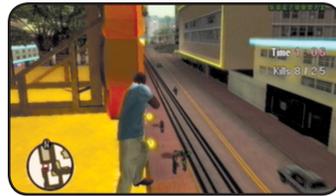

RAMPAGE 14: KILL 25 BIKERS IN TWO MINUTES.

Location: Downtown, King Knuts rooftop.

Weapon: Chromed Shotgun

Use the USJ jump behind the King Knuts to reach the rooftop or drop down in a helicopter. The Rampage is underneath the USJ on the edge of the rooftop.

You have a shotgun and you're high up, safe from most harm. Target the bikers below and take them out with the shotgun.

RAMPAGE 15: TAKE OUT 25 BIKERS IN TWO MINUTES.

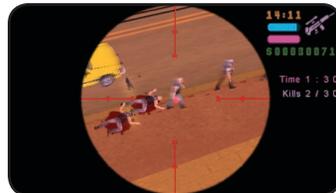

Location: Downtown, tall building ledge.

Weapon: Sniper Rifle

Use a helicopter to drop down to the high ledge on this tall building. The Rampage is wedged between the side of the building and a short wall near the ledge on the east side.

Walk out to the ledge and shoot the bikers on the sidewalks below. You shouldn't be in any danger from the bikers at this distance, but you *are* in danger of falling. The closer to the edge of the ledge you get, the better, which increases your risk of falling. Use the L button for precision aiming. There's even a lower ledge below you where you can jump down and take minimal damage. From this ledge, you may be able to see more bikers since the ledge wall is now out of your way.

RAMPAGE 16: DECIMATE 25 BIKERS IN TWO MINUTES.

Location: Downtown, Hyman Memorial Stadium.

Weapon: Grenades

The Rampage icon is located at ground level in front of the stadium's name, so it's hard to miss. However, this is one of the most difficult Rampages once you're there. You have remote grenades and two minutes to blow up 25 bikers.

This is tough, as all the bikers fire on you and you can't shoot back; you must rely on grenades. So many things make this challenging. First, you have to throw the grenade in a crowd of bikers while staying away from the blast. Running away and trying to blow up pursuers is very difficult. Even if you stand on the stadium steps, you're still surrounded by bikers.

Fortunately, we have a tactic that might help. Bring a helicopter and park it near the Rampage. Activate the Rampage, then jump in the chopper and fly to the top of the ring structure that surrounds the drive in front of the stadium. Land it on top of the narrow ring, then get out and throw grenades down on the bikers below. The ring gives you room to move to new areas when the bikers under your spot have all been defeated. Bomb cars below, as well. If bikers die because of something you did with grenades, it still counts. Good luck.

NEW RAMPAGES

RAMPAGE A: KILL 40 CHOLOS IN TWO MINUTES

Location: Little Havana, on top of Guano's Café.

Weapon: Shotgun

Find a ramp to the rooftops just to the north of the café. Jump across the rooftops to find the Rampage. You can stay on the rooftop for this challenge, but it is much easier to drop down and target each group. They won't hurt you too much, so just keep targeting and firing.

RAMPAGE B: DESTROY 15 VEHICLES IN TWO MINUTES

Location: Starfish Island, on porch of house, south of main road.

Weapon: SPAS 12 Shotgun

After entering Starfish Island from the west, the Rampage is on the porch of the second house on the right. If you need it, there's Armor on the back step of this same house. Start by destroying the Banshee next to the garage and the car you came in.

Then head out to the street and start blowing up more cars, including emergency vehicles. Once a car catches fire, get away so you don't get injured yourself. Watch out for the cops if you earn a Wanted level.

ISLAND RAMPAGES

In addition to the 18 Rampages on the mainland, there are 17 Rampages available on the islands once the bridges are opened in Chapter 3—including three new ones that are exclusive to the PS2 version of the game (see C-E on our island Rampages map).

RAMPAGE 17: DECIMATE 25 SHARKS IN TWO MINUTES.

Location: Ocean Beach, behind tall shrubs on the corner.

Weapon: M16

Find this Rampage behind a wall of tall, well-trimmed shrubs. Once you get behind this wall of shrubs, you'll find the Rampage behind a palm tree. Take the M16 to the street corner and start blasting Sharks. Use the auto-targeting and scroll through available targets as you fire a non-stop barrage of bullets. You have some range with this weapon, so try to keep some distance between you and the Sharks.

RAMPAGE 18: TERMINATE 25 SHARKS IN TWO MINUTES.

Location: Vice Point Fairgrounds, bumper car track rooftop.

Weapon: M16

Use a helicopter to drop down to the rooftop of the bumper car track, or use the stack of small yellow generators on the south side of the structure to jump to the rooftop. The Rampage is in the northwest corner of the rooftop. After beginning the challenge, get off the rooftop and begin moving around the fairgrounds, blowing away Sharks and using cover every chance you get.

RAMPAGE 19: DESTROY 10 CARS IN TWO MINUTES.

Location: Vice Point, outdoor hotel showers.

Weapon: Mini-gun

This Rampage is found at the end of the colorful outdoor hotel showers. Grab the Rampage, then run to the nearest street and start blasting. The mini-gun is insanely powerful and will explode a car with just a few rounds. There aren't any reload pauses; this thing just goes and goes. Shoot law enforcement vehicles to bring more of them to you. Keep your back to a sidewalk wall to keep cops from sneaking up on you. Blast everything!

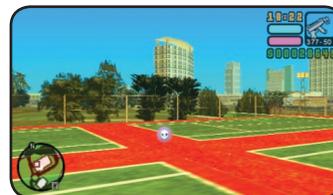

RAMPAGE 20: SLAY 20 SHARKS IN TWO MINUTES.

Location: Leaf Links tennis court.

Weapon: Detonator Grenades

Find this Rampage in the middle of the tennis court on the golf course at Leaf Links. Sharks are the preppy-dressed gangsters—and there are plenty of them around here. When you are pursued by angry Sharks, drop a grenade, run, and then detonate. Keep moving and watch your back.

RAMPAGE 21: ANNIHILATE 25 BIKERS IN TWO MINUTES.

Location: Vice Point, ledge of building east of the mall.

Weapon: Spas 12 Shotgun

This Rampage is located on a ledge of the white building north and across the street from the mall. You can either park a car near the ledge by the stairs and follow the ledge around to the Rampage, or you can fly a helicopter down to this wide ledge. You can try to use the stairs to the rooftop on the north side of the building, but jumping from the rooftop down to this ledge is risky.

Getting the Rampage icon is harder than the challenge itself. The spas shotgun, with its quick reload times and fast action, is highly efficient. Run into the street and start targeting and shooting bikers. They're not much of a match when you wield this weapon.

RAMPAGE 22: KILL 10 SHARKS IN TWO MINUTES.

Location: Vice Point, under the bridge leading to Leaf Links.

Weapon: Golf Club

This Rampage is under the Leaf Links bridge on the Leaf Links side. Grab the Rampage icon and sprint toward the tennis courts to find some Sharks. Beat them senseless with the golf club. Avoid getting mobbed by the Sharks. If you get too many around you, run away.

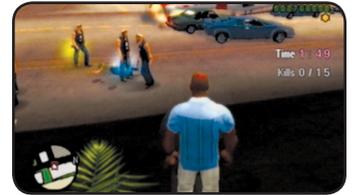

RAMPAGE 23: EXPLODE 15 VEHICLES IN TWO MINUTES.

Location: Vice Point, behind hotel wall.

Weapon: Grenades

This Rampage is in the corner of a hotel's front driveway wall, across from a business originally owned by bikers. We suggest staging your battle here during Mendez brothers' "Hostile Takeover." Remain on the driveway and start tossing grenades at passing cars. Again, all vehicles are fair game. When cars no longer show up, run down the street in either direction and set up a new battleground.

RAMPAGE 24: TERMINATE 30 SHARKS IN TWO MINUTES.

Location: Ocean Beach, hidden in bushes behind FIDL store.

Weapon: Mini-gun

This Rampage is well hidden in the raised driveway shrubbery and palm tree behind the FIDL store (across the street from Ken Rosenberg's law firm in *Grand Theft Auto: Vice City*). Run to the nearby street and get some distance between you and the Sharks. Turn around and mow them down with the mini-gun.

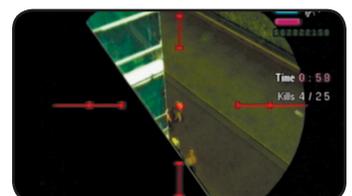

RAMPAGE 25: WASTE 25 SHARKS IN TWO MINUTES.

Location: Ocean Beach derelict building.

Weapon: Laser Sniper Rifle

Find this Rampage on the second floor of the derelict building in Ocean Beach. Use the ramps to get there. Run up the ramp and jump over to the roof on the right. From here, pick off the Sharks with the sniper rifle.

RAMPAGE 26: KILL 25 SHARKS IN TWO MINUTES.

Location: Ocean Beach, on the metal "Hotel" awning.

Weapon: Equalizer

Use a helicopter to drop down to this steel marquee. The Rampage is hidden behind the cutout "Hotel" sign. You can stage your battle there, on top of the marquee, if you wish. Take down the Sharks from up there with one shot each.

RAMPAGE 27: OBLITERATE 25 BIKERS IN TWO MINUTES.

Location: Vice Point, on the short wall divider along the north hilltop, shoreline pathway.

Weapon: Equalizer

This Rampage is located on the divider wall you reach when walking along the north hilltop, shoreline pathway. Collect the Rampage and dart down the hill to the sidewalk to find the bikers. As soon as you can target a biker, start plugging them with the Equalizer.

RAMPAGE 28: ERADICATE 30 SHARKS IN TWO MINUTES.

Location: Washington Beach, rooftop with AK47 power-up.

Weapon: Scorpion

Find this Rampage on the rooftop of the corner building. Use the alley stairs to reach the roof. The Rampage is beyond the AK47 power-up, on the west side of the roof. It's best to stay on the roof for this challenge. If you can't get a clear shot down to the sidewalks, carefully jump onto the short ledge of the rooftop for a better shot. Use auto-targeting and scroll through your targets quickly. Shoot and move to the next target quickly. You can run down the stairs and do some shooting in the street, but you may be surrounded. If this happens, you can always escape back to the rooftop and continue the Rampage from there.

RAMPAGE 29: LEVEL 12 VEHICLES IN TWO MINUTES.

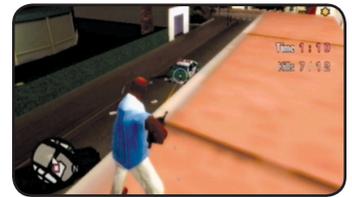

Location: Ocean Beach, nightclub exterior ledge.

Weapon: M249

Get the Air Ambulance from the Ocean Beach hospital, then fly to the rooftop of this corner nightclub and walk off the southern edge to drop down onto the wide ledge where the Rampage is located. Remain on the ledge while shooting down at the cars passing on the streets below.

Move up and down the length of the long, wrap-around ledge of the nightclub to find more cars on the connecting streets. Blast emergency and law enforcement vehicles to draw more of the same to the scene.

RAMPAGE 30: ELIMINATE 30 SHARKS IN TWO MINUTES.

Location: Ocean Beach, on the construction office rooftop.

Weapon: Rocket Launcher

This Rampage is on top of the construction trailer office in Ocean Beach; the same area where you knock plaster off the walls to substitute for coke. You can reach the rooftop by walking up the slope behind the trailer office. Jump off the trailer and run toward the street to find some sharks. Start launching rockets at the feet of the groups of Sharks. Don't get too close or you will take yourself out, as well.

NEW RAMPAGES

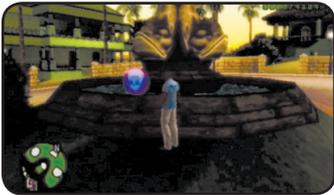

RAMPAGE C: DESTROY 15 VEHICLES IN TWO MINUTES

Location: Prawn Island, north of main road in fountain.

Weapon: Rocket Launcher

Find the Rampage icon in the fountain just north of the road. Grab it and start blowing up any vehicle in sight, including the one you drove there. There are two cars in the drive just to the north. There's a Caddy and Deluxo in the movie lot to the south. Keep looking west and east to make more vehicles appear.

This isn't the busiest part of the city. If you have trouble getting vehicles to appear, try driving to the mall area or downtown to find more—unless you have already destroyed your vehicle.

RAMPAGE E: KILL 25 SHARKS IN TWO MINUTES

Location: Ocean Beach, roof of blue trim building.

Weapon: Laser Scoped Sniper Rifle

Find the building with the blue trim in Ocean Beach. Use the steps around back near the Comet parked in a garage to access the roof and find the Rampage icon. Move to the edge of the roof and start taking out the Sharks below. This will test your Sniper Rifle abilities, especially when the Sharks run away.

RAMPAGE D: KILL 70 SHARKS IN TWO MINUTES

Location: Vice Point Mall, in booth on east side of mall.

Weapon: M249

Enter the mall from the east. Turn left at the escalators to find a security booth. The Rampage icon is inside. You can remain in the booth, but the Sharks are able to attack from all sides and the poles tend to get in the way. Run to a corner and start targeting the Sharks. Use L2 and R2 to switch between the targets to take out each group. You must kill a lot of Sharks, so full Armor and Health are a must to survive this challenge.
