

Who You Gonna Call? Ghostbusters!

Set years after the end of *The Real Ghostbusters*, lack of supernatural activity has put the Ghostbusters out of business. Each member has gone their separate way, except for Dr. Egon Spengler, who still lives in the firehouse to monitor the containment unit, take care of Slimer, further his studies and teach a class on the paranormal at a local college. When ghosts start to reappear, Egon is forced to recruit his lone four students as the new Ghostbusters.
